COVID-19 instantly changed the way we live, work, and interact and as lock down commenced in March, we asked our #teamblue tribe to adapt to the new remote working arrangements, whilst maintaining the same level of professionalism to ensure seamless delivery of our client promise – to deliver their applications and secure their data.

Our team rose to the occasion, exhibiting every essence of our #teamblue values and as a token of appreciation, an invitation was extended to our staff and their families to join the inaugural #teamblue family virtual pizza party. The virtual event, catered by us saw pizzas delivered to the doors of 120 families across the globe – from Perth, Melbourne, Sydney and Brisbane to our #teamblueUSA members in Maryland and Florida.

On behalf at blueAPACHE, we'd like to again say a VERY BIG #THANKYOU to our incredible #teamblue!
