Details:

August 24, 2017

Following significant growth, we have moved our Brisbane operations to a larger office space located at 70 Berwick Street, Fortitude Valley Queensland 4006 . We have been increasing our presence and workforce in the SEQ region in an effort to better serve existing clientele and capitalise on significant new market opportunities.

“As the business continues to invest in this territory, we are rapidly expanding our operations in Queensland”, said Andrew Bird, Territory Manager. “The new space is more than five times bigger compared to the previous office and we’re beginning to fill it up quickly. The move to a larger office accompanied by our increasing headcount emphasises the potential for growth that we see in this region. This office is a great foundation for that growth.”

The new office has an industrial feel with high ceilings, an open-plan seating arrangement, meeting rooms with state-of-the-art conferencing facilities, multiple collaborative work spaces and breakout areas.

“We’ve more than doubled our employee count in the past year and are continually on the lookout for new talent,” said Bird. “The work culture here is friendly, fast-paced and entrepreneurial. It is an exciting time to be at blueAPACHE.”
