Details:

Summary

This post announces that blueAPACHE has been named a finalist in the Managed Services Partner of the Year category at the 2026 techpartner.news Impact Awards, with winners to be announced at the techpartner.news Winter Ball in Sydney on 13 August 2026. It is aimed at partners, prospective clients and the Australian channel audience following blueAPACHE's ongoing work re-engineering how its Managed Services are designed, delivered and scaled, and it explicitly ties the nomination to the emPOWER platform that unifies Managed Services, Connectivity, Cloud, Collaboration, Security and Advisory. Published in 2026. Figures, product names and event details reflect that time; for current information see the linked service pages.

Article

blueAPACHE has been named a finalist in the Managed Services Partner of the Year category at the 2026 techpartner.news Impact Awards . The awards recognise technology partners, vendors and distributors delivering meaningful impact for Australian organisations. This year's finalists will be celebrated at the techpartner.news Winter Ball in Sydney on 13 August 2026, where winners across the

award categories will be announced. For blueAPACHE, this recognition reflects the continued work being done to re-engineer Managed Services – evolving how services are designed, delivered and scaled to better support customers in increasingly complex technology environments. Through its emPOWER platform, blueAPACHE brings together Managed Services, Connectivity, Cloud, Collaboration, Security and Advisory into a single operating framework designed to simplify IT, improve consistency and support business growth. blueAPACHE thanks techpartner.news for the recognition, and acknowledges the team, partners and customers who continue to challenge the business to raise the bar in managed services.

About blueAPACHE

blueAPACHE is Australia's most awarded mid-market managed services provider, helping organisations simplify IT, strengthen security and accelerate growth. Established in 1998, blueAPACHE delivers infrastructure, cloud, connectivity, cybersecurity, collaboration and support as a service through its emPOWER platform.
