Details:

Annual MSP 501 Identifies Industry's Best-in-Class Businesses Growing Via Recurring Revenue and Innovation

JUNE 26, 2023: we have been named as one of the world's premier managed service providers in the prestigious 2023 Channel Futures MSP 501 rankings. For the past 17 years, managed service providers around the globe have submitted applications for inclusion on this prestigious and definitive listing. The Channel Futures MSP 501 survey examines organizational performance based on annual sales, recurring revenue, profit margins, revenue mix, growth, innovation and supported technologies. MSPs that qualify for the list must pass a rigorous review conducted by the research team and editors of Channel Futures. It ranks applicants using a unique methodology that weighs financial performance according to long-term health and viability, commitment to recurring revenue and operational efficiency. Channel Futures is pleased to name blueAPACHE to the 2023 MSP 501.

"Being recognised on the prestigious Channel Futures MSP 501 rankings is a testament to blueAPACHE's commitment to delivering exceptional managed services," said Chris Marshall, Managing Director, blueAPACHE. "Our success is built on a robust reference architecture that ensures reliability, scalability, and customised solutions for our clients' unique needs. This achievement reflects the hard work and dedication of our talented team. Their expertise and unwavering commitment have been instrumental in driving our success as one of the world's premier managed service providers. We are honoured to be at the forefront of our industry, continually setting new standards and delivering value to our clients." This year's list is one of the most competitive in the survey's history. Winners will be recognized on the Channel Futures website and honored during a special ceremony at the Channel Futures Leadership Summit, Oct. 30-Nov. 2, in Miami, Florida. Since its inception, the MSP 501 has evolved from a competitive ranking into a vibrant group of innovators focused on high levels of customer satisfaction at small, medium and large organizations in public and private sectors. Many of their services and technology offerings focus on customer needs in the areas of cloud, security, collaboration and hybrid work forces. "The 2023 Channel Futures MSP 501 winners persevered through challenging times to become the highest-performing and most innovative IT providers in the industry today," said Jeff O'Heir, Channel Futures senior news editor and MSP 501 project manager. "The MSP 501 ranking doesn't award MSPs solely on their size and revenue. It acknowledges the business acumen, best practices and trusted advice they deliver to customers every day. They deserve the honor." "We extend our heartfelt congratulations to the 2023 winners, and gratitude to the thousands of MSPs that have contributed to the continuing growth and success of the managed services sector," said Kelly Danziger, general manager of Informa Tech Channels. "These providers are most certainly driving a new wave of innovation in the industry and are demonstrating a commitment to moving the MSP and entire channel forward." The data collected by the annual NextGen 101 and MSP 501 drive Channel Futures' market intelligence insights, creating robust data

sets and data-based trend reports that support our editorial coverage, event programming, community and networking strategies and educational offerings. Background The 2023 MSP 501 list is based on confidential data collected and analyzed by the Channel Futures research and editorial teams. Data was collected online from February to May, 2023. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, profit margin and other factors. About blueAPACHE we are a leading managed services provider that offers IT management, IT strategy, and converged IT services to clients across Australia, UK, Asia, and North America. Since 1998, we have been revolutionising the way organisations access technology and communications by providing affordable solutions that offer true scalability, elasticity, and agility. We help organisations grow through our IT-as-a-Service offerings, reducing the capital investment required to fund expansion. Our team of industry specialists work together to provide outstanding solutions to complex technology problems. In addition to taking ownership of clients' IT challenges, they leverage technology to improve business performance, align strategy, and drive their business objectives. With technical expertise, experience, and infrastructure, we are the ideal technology partner for organisations looking for a professional IT services partner that will enable them to free up capital expenditure and focus on their core business – knowing that their IT is aligned to their needs, tailored for their objectives, and underpinned by a team of industry experts. About Channel Futures Channel Futures is a media and events destination for the information and communication technologies (ICT) channel community.
