Details:

12th Annual MSP 501 Identifies Top Forward-Thinking Global MSPs & Leading Trends in Managed Services

We have been named as one of the world's premier managed service providers on the prestigious 12th-annual Channel Futures MSP 501 rankings. Every year, MSPs worldwide complete an extensive survey and application to report their product offerings, growth rates, annual total and recurring revenues, pricing structures, revenue mix and more. MSPs were ranked according to a unique methodology that weights revenue figures according to how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem. Channel Futures is pleased to name blueAPACHE to the 2019 MSP 501. James Hendry, General Manager – Commercial, we said, "It's an honour to receive this acknowledgement from Channel Futures in recognition that blueAPACHE is indeed delivering significant value." "blueAPACHE exists to help local and international organisations improve their business agility, doing so by offering a comprehensive suite of services – Managed Services, Cloud, Network, Voice, Security and Professional Services – delivered as a unified, bespoke solution that clients continue to be drawn towards. This award positions blueAPACHE amongst the world's best managed service providers, to be recognised in such illustrious company is particularly gratifying and reaffirms our approach to service delivery is resonating on a global scale," James Hendry concludes. In the 12 years since its inception, the MSP 501 has evolved from a competitive ranking list into a vibrant group of service providers, vendors, distributors, consultants and industry analysts working together to define the growing managed service opportunity.

"The 2019 MSP 501 winners are the most elite, innovative and strategic IT service providers on the planet, and they stand as a model of excellence in the industry," says Kris Blackmon, Content Director of Channel Partners and Channel Futures and lead of the MSP 501 program. "As the MSP 501 Community grows, leagues of managed service providers learn from the successes of these winning companies, gaining insight into the best practices, strategies and technologies that elevate an MSP to the level of the 501 winners. Our heartfelt congratulations to the 2019 winners and gratitude to the thousands of MSPs that have contributed to the continuing growth and success of both the 501 and the thriving managed services sector." Ten special award winners will be recognized at the MSP 501 Awards Gala at Channel Partners Evolution, held this year September 9-12 in Washington, D.C. Nominations for these special awards, including Digital Innovator of the Year, Executive of the Year and the Newcomer Award, were included in the MSP 501 application, and all candidates were encouraged to submit for them. In addition to deciding the rankings, the survey drives the creation of an annual in-depth study of business and technology trends in the IT channel, released each year at the Channel Partners Evolution conference. The full MSP 501 Report leverages applicant responses, interviews with industry experts and historical data to give a well-rounded picture of the managed services opportunity. The complete 2019 MSP 501 list is available at Channel Futures. Background The 2019 MSP 501 list is based on data collected by Channel Futures and its sister site, Channel Partners. Data was collected online from March 1 through May 31, 2019. The MSP 501 list recognizes top managed service providers based on metrics including recurring revenue, growth and other factors. AboutblueAPACHE

Since 1998, we have helped organisations in Australia, New Zealand, Asia and North America leverage technology to their business advantage by delivering comprehensive IT Management, Cloud, Network, Voice, Software and Consulting as a converged service – when they need it, as they need it. Who publishes the MSP 501 rankings?

The MSP 501 rankings are published by Channel Futures, part of Informa Tech.

How are MSPs ranked for the MSP 501 list?

MSPs complete an extensive survey and application reporting product offerings, growth rates, annual total and recurring revenues, pricing structures, and revenue mix. They are then ranked according to a unique methodology that weights revenue figures based on how well the applicant's business strategy anticipates trends in the fast-evolving channel ecosystem.

What did James Hendry say about your MSP 501 recognition?

James Hendry, General Manager – Commercial within our business, said, "It's an honour to receive this acknowledgement from Channel Futures in recognition that blueAPACHE is indeed delivering significant value," and added that we exist to help local and international organisations improve their business agility by offering a comprehensive suite of services—Managed Services, Cloud, Network, Voice, Security and Professional Services—delivered as a unified, bespoke solution.

What services do you offer as a converged solution?

We offer Managed Services, Cloud, Network, Voice, Security and Professional Services delivered as a unified, bespoke solution, and more broadly IT Management, Cloud, Network, Voice, Software and Consulting as a converged service.

When and where was the MSP 501 data collected for the 2019 list?

The 2019 MSP 501 list was based on data collected online by Channel Futures and its sister site, Channel Partners, from March 1 through May 31, 2019.

What quote did Kris Blackmon give about the 2019 MSP 501 winners?

Kris Blackmon, Content Director of Channel Partners and Channel Futures and lead of the MSP 501 program, said, "The 2019 MSP 501 winners are the most elite, innovative and strategic IT service providers on the planet, and they stand as a model of excellence in the industry."

What ceremony was planned for the special MSP 501 award winners?

The 2019 announcement said ten special award winners would be recognised at the MSP 501 Awards Gala at Channel Partners Evolution, scheduled for 9–12 September 2019 in Washington, D.C.

Since when have you been operating, and where does it serve organisations?

We have been operating since 1998 and have helped organisations in Australia, New Zealand, Asia and North America leverage technology to their business advantage.
