Article

The annual CRN Fast50 awards were held in Sydney last night, and blueAPACHE became one of only two companies to have ever received the award six years in a row ! blueAPACHE (at number 44 in 2014) shares this accolade with Advent One (at number 45).

"We are incredibly humbled" said Chris Marshall, Managing Director of blueAPACHE. "Being awarded the CRN Fast50 a record six years in a row reinforces that we are on the right track. "When we first launched our 100% Australian Cloud environment five years ago, some questioned our strategy. When we transformed this into IT as a Service (ITaaS) by investing heavily in technologies to have 100% influence over our offering, those questions became more vocal. Today, we are one of the very few companies that can offer true ITaaS with complete accountability – no third party aggregation, no being tied to third party SLAs." Mr Marshall continued, "Our continued recognition from CRN helps to validate this commitment to helping our customers reinvent the way they approach their technology needs. Industry congratulations have been flowing in since the announcement, including Julianne Bean from HP Storage ; "Well done blueAPACHE! If any company deserves to be recognised for their continued innovation, it is you!" NEXTDC added "Big congrats goes to NEXTDC partner blueAPACHE for a place in the CRN Fast50 for the 6th year running!" The annual CRN Fast50 awards are the leading Australian

IT industry awards honouring the 50 best resellers, systems integrators and managed service providers in the country. For more information on the CRN Fast50, visit www.crn.com.au . Frequently asked questions

What CRN Fast50 milestone did blueAPACHE reach in 2014, and where did it rank?

blueAPACHE became one of only two companies to have received the CRN Fast50 award six years in a row, ranking at number 44 in 2014; the post names Advent One (at number 45) as sharing the six-year accolade.

What did Chris Marshall say the six-year streak validated?

Chris Marshall said being awarded the Fast50 a record six years running reinforced that blueAPACHE was 'on the right track' with its IT as a Service (ITaaS) strategy, launched around five years earlier with a 100% Australian cloud environment.

What claim does the post make about blueAPACHE's service model versus competitors?

The post quotes Marshall describing blueAPACHE as one of very few companies able to offer true ITaaS with complete accountability, with no third-party aggregation and no third-party SLA dependency.

Who publicly congratulated blueAPACHE on the six-year Fast50 result?

The post quotes congratulations from Julianne Bean of HP Storage and from NEXTDC, both commending blueAPACHE's continued Fast50 recognition.

Is this post still current?

No. It reports a 2014 award result. For blueAPACHE's current managed services offering, see the emPOWER Managed Services pillar page linked below.
