Details:

December 20, 2014

As the festive season draws close, we would like to take a moment to thank everyone who contributed to what has proven to be another amazing year.

2014 was to be one of cementing our foundation; of planning, building and investing in our infrastructure, services and processes for the future. Our growth expectations were not high (foundation really was our focus), yet through the continued support of our clients and partners, we exceeded sales expectations and secured a sixteenth record year in a row.

We were also the proud recipients of the CRN Fast50 and inaugural CRN All Star awards, plus world wide recognition including Talkin'Cloud 100 and MSP Mentor. Again, we could not have achieved these without you.

So from all of us within our business, a very sincere thank you. We wish each and everyone of you a very merry Christmas and a prosperous New Year.

As always, we will remain open throughout the holiday period on business days. Additional information can be found here .

Who is credited as the author of the blog post?

The blog post is written by us.

What was your key business achievement in 2014 according to the blog post?

In 2014, we exceeded our sales expectations and secured a sixteenth record year in a row, despite the year's focus being on building foundations rather than high growth.
